

JOURNAL OF RENEWABLE ENERGIES

Revue des Energies Renouvelables

Volume 26, Issue 1

June 2023

**Published by the
Renewable Energy Development Center**

(Centre de Développement des Energies Renouvelables)

BP. 62 Route de l'Observatoire Bouzaréah 16340, Algiers, Algeria

ISSN: 1112-2242

EISSN: 2716-8247

Legal Deposit 1177-98

Editorial Team

Editor in chief:

Nouredine Abdelbaki, Professor
Renewable Energy Development Center (CDER), Algiers, Algeria
n.abdelbaki@cderr.dz

Associate Editor:

Abdul Ghani Olabi, Professor
University of Sharjah, United Arab Emirates
aolabi@sharjah.ac.ae

Saad Mekhilef, Professor
University of Malayadised, Kuala Lumpur,
Malaysia
saad@um.edu.my

Karim Salim Allaf, Professor
La Rochelle University, France
kallaf@univ-lr.fr

Seddik Bacha, Professor
Universite Grenoble Alpesdisabled, Saint Martin
d'Herès, France
Seddik.Bacha@g2elab.grenoble-inp.fr

Mahmoud Bourouis, Professor
Universitat Rovira i Virgili - Campus Sescelades:
Tarragona, Spain
mahmoud.bourouis@urv.cat

Mohamed BENBOUZID, Professor
Electrical Engineering, University of Brest, France
mohamed.benbouzid@univ-brest.fr

Josep Guerrero, Professor
Aalborg University, Denmark
joz@et.aau.dk

Yahia Baghzouz, Professor
University of Nevada, Las Vegasdisabled, Las
Vegas, United States
yahia.baghzouz@unlv.edu

Notton Gilles, Professor
Université de Corse Pascal Paoli, France
notton@univ-corse.fr

Noureddine Yassaa, Professor
Commissariat aux Energies Renouvelables et à
l'Efficacité Energétique, Algiers, Algeria
n.yassaa@cerefe.gov.dz

El Madjid BERKOUK, Professor
National Polytechnic School (ENP), Algiers, Algeria
emberkoug@yahoo.fr

Djafer Djelloul, Director of Research
Applied Research Unit in Renewable Energies,
URAER-CDER, Ghardaïa, Algeria
adjafer@yahoo.com

Ouahiba GUERRI, Director of Research
Renewable Energy Development Center (CDER),
Algiers, Algeria
o.guerri@cderr.dz

Amar Hadj Arab, Director of Research
Renewable Energy Development Center (CDER),
Algiers, Algeria
a.hadjarab@cderr.dz

Secretary:

Rafik Halalchi
Renewable Energy Development Center (CDER), Algiers, Algeria
s.revue@cderr.dz

Journal of Renewable Energies

Revue des Energies Renouvelables

Volume 26, Issue 1 (2023)

Table of Contents

Physicochemical and Organoleptic Analysis of Tomato Irrigated with fish farms water; at URERMS-ADRAR. Algeria <i>M. Allali; C. Tigani; A. Djaber and A. Mediani</i>	5 - 29
Clear Sky Global Surface Solar Irradiance Estimation from Bird & Hulstrom Radiometric Model/MODIS Atmospheric Data Combination <i>F. Benharrats and H. Mahi</i>	31 - 39
Structural Characterization of ZnO Thin Films Deposited onto Silicon Substrates using Cathodic Magnetron Sputtering <i>L. Ghalmi, S. Bensmaine and C.E.H. Merzouk</i>	41 - 56
Energy Renovation of an Old University Building <i>R. Kharchi, F. Danane, A. Ounnar, A. Bourabaa and A. Badjoudj</i>	57 - 66
Design of an autonomous photovoltaic power supply system for Nyabikenke Hospital (Burundi) using the ETAP tool <i>J. Niyonzima and J.B. Niyonzima</i>	67 - 90
Prediction of direct normal irradiation using a new empirical sunshine duration-based model <i>A. Takilalte, A. Dali, M. Laissaoui and A. Bouhallassa</i>	91 - 103

Acknowledgments

The editor-in-chief thanks the editorial staff of the journal, the reviewers, and the administration of the CDER who contributed to the publication of this issue.
